

Hello,

I'm one the MANY listeners of K-LOVE all over the world. I live in Sacramento, CA area and listen to K-LOVE through the internet at work and in the car 99.1 FM.

I believe that by having such a wonderful Christian Radio station our community gets better. They teach through the songs and preaching that we need to be better people, they encourage us to be more forgiving, loving, respectful...

By limiting this station to LPFM transmission so many of us will lose the ability to hear the music along with God's word. Than we will see more corruption, more criminals, and illegal action in our neighborhoods and around the world without God's word and K-LOVE.

Please do NOT force K-LOVE to be LPFM radio station!

Please contact me if you have any questions.

Thank you.
